

CAPABILITIES STATEMENT

OUR MISSION is to deliver high-quality, cost-effective construction projects on schedule by employing and supporting a value driven, experienced, motivated, agile, and focused workforce.

OUR VISION is to continuously and seamlessly manage and improve our organizational workforce, business management tools, and construction processes in a manner that will minimize project cost while maximizing value to our customer.

CORE COMPETENCIES

Sergent Construction is a SBA HUBZONE Certified and Service-Disabled Veteran Owned Small Business (SDVOSB) multi-disciplinary General Contractor with seasoned self-performance capabilities and five decades of construction experience serving the entire United States. We provide Design-Build and Design-Bid-Build solutions spanning numerous construction types to meet our clients' construction needs while maintaining our integrity through honesty, hard work, and open communications. Our construction experience and capabilities spans a wide range of disciplines including; Marine, Civil, LEED, New Construction as well as Facilities Maintenance, Repairs, Alterations, and Modernizations. We spare no effort in our "right-first-time" construction approach and continue to maintain and implement the highest standards of service. Our success is exemplified by an outstanding track record of past performance and valued experience on projects ranging in magnitude from \$50K to \$15 million.

Since our inception, our emphasis has been the execution of Federal, State, and Municipality Construction projects. We work directly with our customers and designers to monitor project efficiencies, continually improve management processes, and fine tune the use and application of established USACE/NAVFAC Quality Control and Safety Management programs to ensure our projects are performed safely, on-schedule, and within cost and performance specifications.

CERTIFICATIONS

- Service-Disabled Veteran Owned Small Business (SDVOSB)
- SBA HUBZONE Certified
- SBA Small Business
- State of California Small Business and Disabled Veteran Business Enterprise Supplier #213837
- Current MACC/MATOC Contracts with the Department of Veterans Affairs, United States Coast Guard, & GSA

LICENSURE

- California State License #487676
- B - General Building Contractor
- C10 - Electrical
- C-61 / D21 - Machinery and Pumps
- A - General Engineering Contractor
- C16 - Fire Protection Contractor
- C20 - Warm-Air Heating, Ventilating And Air-Conditioning
- C36 - Plumbing

SAFETY

- 10 and 30 Hour OSHA Training
- OSHA Asbestos Supervisor & Worker Training
- OSHA Certified equipment operators
- CPR and Emergency First Aid Certified
- Full time, Self Auditing, and Managed Construction Safety Enhancement Program (CSEP)
- EM 385 16-Hour Certification

DIFFERENTIATORS

QUALITY

Extensive experience in construction management, including USACE, NASA, and NAVFAC projects, has resulted in effective and consistent application of our EM385 compliant quality control program. Our quality control program minimizes rework and keeps our projects on schedule and on budget throughout the construction process.

SERVICE

As a small and largely self-performing construction organization, we provide the attention to details that are so often needed in delivering an outstanding construction project experience.

SAFETY

Throughout our construction projects we apply a combination of OSHA and USACE EM385-1-1 safety rules, guidelines, and regulations to ensure our job sites are safe for our customers, employees and subcontractors. Current EMR of less than 1.0.
